## About the Role

As part of our new Student Voice system, UWS Students' Union is introducing three new Faculty Vice-President roles. These are paid student leadership positions responsible for listening to students, representing their views and helping turn their ideas into action.

Before someone can stand for election, the Candidate Approval Committee will assess whether they demonstrate the essential skills required for the role.

As a Committee member, you will ask agreed questions, listen carefully and assess each potential candidate fairly against the published person specification. You will work with other Committee members to reach clear, evidence-based decisions while treating candidates respectfully and maintaining confidentiality.

The Committee does not decide who would be the “best” Faculty Vice-President. Its role is to confirm whether each potential candidate has demonstrated the essential skills needed to stand. Students will then decide who is elected.

The Committee's first assessments will be for the Faculty Vice-President elections from the 12<sup>th</sup> to the 14<sup>th</sup> of October. These will be held via Teams and in the early evening to avoid clashes with studies. Successful applicants may also be invited to take part in Candidate Approval Committees for other elected Student Officer roles during future election periods, including March 2027. This will depend on the roles being elected, your availability and any potential conflicts of interest.

No previous recruitment or interviewing experience is needed. Full training, agreed questions and clear assessment guidance will be provided.

This is a paid opportunity to develop experience in interviewing, assessment and collective decision-making while helping us deliver a fair and accessible election process.

## Guidance on completing your application

At UWS Students' Union, we are committed to equality of opportunity. To ensure fairness, all identifying personal information is removed from applications before they are passed on to the shortlisting panel. This means that it's essential that your application focuses on your skills and experience, as well as the information you wish to share with us about why you're the right candidate for the role.

### Completing Question 6: Meeting the Person Specification

Question 6 is the **most important part of your application**. This section asks you to outline your relevant experience, and it's your opportunity to demonstrate why you are the ideal candidate for this role.

- **Demonstrate how you meet the person specification:** Provide clear and detailed examples to show how you meet each of the **essential criteria** outlined in the person specification.
- **Use specific examples:** Avoid general statements, explain what you did, how you did it, and what the results were.
- **Include all relevant experience:** This can come from your current or previous employment, voluntary work, or any other activities that have helped you develop the skills and competencies required for the role.

### Tips for a Successful Application

- Ensure your application is **clear, concise, and well-structured**.
- Avoid using **ALL CAPS**, as it can be difficult to read.
- Make your points stand out with clear headings or bullet points where appropriate.
- If you need to include additional pages, make sure to clearly mark them with the **job title** and the relevant **application form section** at the top.
- Send your application in a **Microsoft Word** document.

Please note: **CVs will not be accepted** as part of the application process.
